Shifting from hospital to community

How the 'NEST' integrated care pathway for joint triage with primary, secondary & community care teams supports families & systems working across traditional boundaries.

Shifting from analogue to digital

We are delighted to be joined by Dr Umang Patel, paediatrician and Microsoft's CCIO, sharing his insights on AI healthcare future in the NHS & within general paediatrics

Shifting from treatment to prevention

Learn how PEWS & Martha's rule enables active listening of parental voices and how the joined up approach of Paediatrics & CAMHS is positively impacting daily care

GUEST SPEAKER

Umang Patel

Wed 4th JUNE 2025

9:00 - 5:00pm

5.30 Wellbeing drinks
6.00 Dinner & chat

Holiday Inn Taunton

Junction 25, Deane
Gate Taunton TA1 2UA
